

AWAREforAll

Baltimore Clinical Research Education Day

Saturday, May 9, 2009 • 9–2 pm • Johns Hopkins University School of Medicine
Turner Auditorium, Concourse/G-Level, 720 Rutland Avenue, Baltimore, MD

Join us for *Aware for All*, a day to learn about clinical research and if it is right for you. The event is **free** and **open** to the public.

Free Health Screenings:

prostate cancer, skin cancer (melanoma),
body mass index, blood pressure, diabetes

Visionary Sponsor

Honorary Co-Chairs

Opening Presentation

Highlights of the Day

Senator
Benjamin L. Cardin

Mayor
Sheila Dixon

What Clinical Research Means to You
Dr. Claudia R. Baquet
Associate Dean Policy and Planning
Professor of Medicine
University of Maryland
School of Medicine

- Local doctors and researchers share what they are learning about cancer, HIV/AIDS, diabetes, Alzheimer's disease, heart disease, asthma/allergy and other conditions through clinical trials
- People in your community will talk about their participation in clinical research
- Your questions about clinical research will be answered

Keynote Address

The Trial of Their Lives
Stephanie Desmon
Medical Reporter
Baltimore Sun

Darby Steadman
Breast Cancer Survivor
Mother of Two
Clinical Research Volunteer

Daisy Nanton
Mother of Five
Clinical Research Volunteer

Join CISCRP and

FOR MORE INFO contact Jill McNair at 1-877-MED HERO (877-633-4376) or check website at www.awareforall.org/baltimore. Exhibit Opportunities are available, contact aware@ciscrp.org.

In collaboration with

AGENDA: Saturday, May 9, 2009

8:45 AM—9:00 AM

**Doors Open
Free Breakfast**

9:00 AM—11:00 AM

Opening Session

Opening Remarks

Dr. Daniel Ford, Vice Dean for Clinical Research,
Johns Hopkins University

Diane Simmons, CEO & President, CISC RP

Opening Presentation:

What Clinical Research Means to You

Dr. Claudia R. Baquet, Associate Dean Policy and Planning,
Professor of Medicine, University of Maryland School of
Medicine

Keynote Address: *The Trial of Their Lives*

Stephanie Desmon, Medical Reporter, Baltimore Sun

Darby Steadman, Breast Cancer Survivor,
Mother of Two, Clinical Research Volunteer

Daisy Nanton, Mother of Five, Clinical Research Volunteer

11:15 AM—12:15 PM **Session 1 Workshops (choose one)**

***Diversity and Clinical Trial Participation and Their Role
in Eliminating Health Disparities***

Dr. Claudia R. Baquet, University of Maryland School
of Medicine

BJ Shaneman, Times Community Services

***The Role of the Healthy Volunteer
in Clinical Research***

Dr. Barney S. Graham
Sarah Hubka

Vaccine Research Center, National Institute of Allergy
and Infectious Diseases, National Institutes of Health

Cancer Immunotherapy—Vaccines and Beyond

Dr. Ivan Borrello
Beth Onners
Barbara Biedrzycki

Johns Hopkins University

Donna Bender, Clinical Research Volunteer

Clinical Research Focus on Cardiovascular Disease

Dr. Rajid Dua, Centennial Medical Group

Jane Lettman, RxTrials

Diane Heath, Clinical Research Volunteer

Clinical Research Focus on Diabetes

Dr. Christopher D. Saudek

Alicia Y. Greene

Johns Hopkins University

12:15 PM—12:30 PM **Free Lunch**

12:30 PM—1:30 PM **Session 2 Workshops (choose one)**

Clinical Research Focus on Cancer

Dr. Madhu Chaudhry, Sandra and Malcolm Berman
Cancer Institute, Greater Baltimore Medical Center

Patricia L. Johnson
St. Joseph Medical Center

Karen S. Babb, American Cancer Society,
South Atlantic Division, Inc.

Clinical Research Focus on HIV/AIDS

Mollie W. Jenckes
Dr. Charles Flexner
Ilene Wiggins

Johns Hopkins University

Clinical Research Focus on Asthma/Allergy

Dr. Mary Beth Bollinger
Carrie Vibbert

University of Maryland School of Medicine

***Clinical Research Focus on Aging and
Alzheimer's Disease***

Dr. Susan M. Resnick, National Institute
on Aging, National Institutes of Health
Julia J. Pedroso, Johns Hopkins University

1:30 PM—2:00 PM **Closing Session**

Thank You Ceremony for Clinical Research Volunteers

BEFORE PARTICIPATING IN A CLINICAL TRIAL:

What You Need to Know:

Before volunteering for a clinical trial, it is important to learn as much as possible about the trial and the care you can expect to receive while you are in it. You may wish to ask the questions below before making a decision about whether to enroll in a clinical trial.

- What is the purpose of the study?
- Who is going to be in the study?
- Why do researchers believe the experimental treatments being tested may be effective?
- Has it been tested before?
- What kinds of tests and experimental treatments are involved?
- How do the possible risks, side effects, and benefits in the study compare with my current treatment?
- How might this trial affect my daily life?
- How long will the trial last?
- Will hospitalization be required?
- Who will pay for the experimental treatment?
- Will I be reimbursed for other expenses?
- What type of long-term follow up care is part of this study?
- How will I know that the experimental treatment is working?
- Will results of the trial be provided to me?
- Who will be in charge of my daily care?
