# Forgetting the little things is a **BIG DEAL**

The **Clarity AD Study** is underway to evaluate an investigational drug in adults who suffer from memory loss. If this sounds like you or a loved one, consider enrolling today.

### You may qualify if you:

- ✓ Are between the ages of 50 and 90
- ✓ Have a study partner willing to attend clinic appointments with you
- ✓ Have a recent history of memory decline with gradual progression over the last year

If you qualify and participate you will receive study related testing and medical care as well as a travel stipend.

**Contact us today to see if you may qualify.**
