MISSION:

Peer Plus Education and Training Advocates is a not for profit federally designated 501(c) (3) organization that identifies underserved populations in the Midwest area and provides culturally sensitive programs that address the multifaceted issues of people in need of essential health, educational, and psychosocial services.

ABOUT US:

The staff of Peer Plus have combined and substantial experience in a variety of areas; they include significant background and knowledge of chronic and preventable illnesses such as asthma, cancer, diabetes, high blood pressure and HIV/Hep-C counseling and testing. Peer Plus makes available educational and learning tools among uninsured and underinsured populations, enhancing ways for them to achieve and maintain good health and wellness.

AGENCY CAPABILITIES:

As a community based organization and a staff with more than twenty five years of health care experience, Peer Plus Education and Training Advocates has an extensive network of faith based institutions, health centers, free clinics, local hospitals, and social service agencies that support us in our efforts and overall mission.
