

Help us improve care for overweight dialysis patients!

To improve services for kidney failure patients on dialysis, we are studying patients' experiences with dialysis, healthy eating, and weight loss.

We want to hear from you if you:

- Are a patient with kidney disease and on dialysis,
- Can speak English or Spanish,
- Are 21 years old, or older,
- Have been told by a doctor that you are overweight.

Participants will get a \$50 gift card for completing a 90 minute phone call!
